PROJECTS

Alien Spark – AI SaaS Platform Landing Page

https://www.figma.com/design/dW1g7sRHqLjESbSijqTnSd/Alien-Spark-landingpage?node-id=106-4536&t=6pIXpUts8BnAuX89-1

- Designed and developed a modern, responsive landing page for an AI tool exploration platform using clean UI/UX principles.
- Created intuitive sections including AI tool cards, pricing tables, team showcase, testimonials, and partner logos with strong visual hierarchy.
- Used Figma to design high-fidelity mockups and interactive prototypes before hand-off to development.

PROJECTS

Further Fitness – Fitness Coaching & Client Management Platform

🔗 <https://www.figma.com/design/yyMFC03JbH2jV3CLSdm7Kq/Further-Fitness--james-?node-id=1288-30388&t=ruribd9s9Ht2Bg1u-1>

- Designed a multi-platform UI (web, tablet, mobile) for a modern fitness SaaS product enabling trainers to manage clients, workouts, and earnings.
- Developed clean dashboards with intuitive data visualizations for tracking user engagement, revenue, and performance analytics.
- Created high-fidelity mockups in Figma with responsive layout systems and reusable design components.
- Integrated visual hierarchy and vibrant branding to emphasize motivation, clarity, and a premium fitness experience

BOB AI – AI-Powered Recruitment Platform

🔗 <https://www.figma.com/design/tRCzzlcSFmuz3PwhdajN7s/bobAiDashboard?node-id=452-10070&t=shqQhPuxQeG5zxKd-1>

- Designed a modern, user-friendly UI for an AI-based recruitment system focused on bias-free and efficient hiring processes
- Developed dashboard interfaces for tracking interview metrics, candidate insights, and hiring statistics in a clean, data-centric layout.
- Crafted seamless user flows for interview scheduling, candidate management, and performance feedback.
- Emphasized accessibility and usability through clear visual hierarchy, consistent spacing, and intuitive component behavior.

Just Kodavas – Community-Based Social Networking App

🔗 <https://www.figma.com/design/p35u9vt1Nwo9ac3YUPEQeb/Just-Kodavas?node-id=683-46941&t=uB2rfA8kJPt6EXLo-1>

- Designed a mobile-first social platform for the Kodava community, integrating features like stories, feeds, marketplace, media, and events.
- Created clean, intuitive UI for seamless navigation across buying/selling, video streaming, job postings, and event discovery..
- Developed engaging community interactions through user-generated content, likes, comments, and personalized profile feeds.
- Built scalable design components in Figma for consistent use across various modules and screen sizes.

PRD – Interior Design & Architect Portfolio Platform

🔗 <https://www.figma.com/design/wlEVV4OnnZ4cChs8VCulx4/PRD--Dev-?node-id=0-1&t=oLow3waSunUhCsVM-1>

- Designed a sleek, modern UI for a real estate and interior design platform connecting users with top-tier designers and architects.
- Created personalized user profile pages featuring designer bios, service pricing, and project portfolios.
- Developed visual-first layouts for showcasing high-quality interior project galleries with filterable search and category navigation.
- Built scalable design components using Figma to maintain consistency across designer profiles, service listings, and user dashboards.

For Fitness – Personal Fitness Tracker & Habit Builder App

🔗 <https://www.figma.com/design/3WQmllbfMMYkjk5EPk66w2/FF-Redesign?node-id=0-1&t=vSC0nu4pczblfpDn-1>

- Designed a modern mobile UI for a personalized fitness companion app focused on tracking workouts, goals, habits, and health progress.
- Created intuitive dashboards displaying workout completion, daily achievements, and real-time fitness stats like steps, weight, and time spent.
- Built user-centric flows for managing challenges, tracking nutrition, setting goals, and monitoring personal performance trends.
- Developed habit tracking and motivation features with a clean, engaging interface to boost user retention and consistency.
